Claude API | FastAPI | SQLite Cache | MarketCheck | Render

Component	Decision Made	Impact
Agent 1	Extract brand/model/filters from text	Determines which search runs
Agent 2	**Deep deal analysis for EACH listing:** recommendation (Buy/Negotiate/Pass), price assessment, negotiation tactics, green/red flags	**Educates user on each car —** tells them exactly whether to buy, negotiate hard, or pass
Agent 3	Narrative market analysis	Tells user if now is buyer/seller market
Agent 4	Answer general car questions	Educates user without search
